# 686	Name:	Gilahina				Cause:	Lightning	Admin:	WSP

Narrative: A hunting guide passing through the Gilahina River area on horseback discovered a small area of smoldering wildlands, including a torching tree. He took suppression action and reported the fire via satellite phone. One NPS helicopter with a DOF IC responded and disovered a .1 acre fire creeping in black spruce and tundra. The fire was recieving light precipitation. The fire appeared to be a holdover from a lightning strike. No evidence of a human start was found and no further suppression action was taken. The incident is currently to be managed for resource benefit as per the land manager.
